

# Thorntons Ferry School

# WE DID IT!

## Thank you for your support

**WE DID IT!** The PTF is excited to share that our fundraising goal for the playground project has been met!

We could not have done it without the help and support from our past & current TFS families and students, TFS Administration and Staff, District Administration, as well as many local businesses and community members...and we thank each and every one of you for your support!

We will continue to communicate the updates as the project moves along. Our next milestone goal is to have everything finalized and make the purchase no later than Fri, Apr 15.
