Recognizing New Hampshire Scholars:

After confirming eligibility with their school counselor, students are encouraged to identify themselves as New Hampshire Scholars during the fall of their senior year. Students should also highlight the NH Scholars achievement on their college applications and follow up with the college admissions office to ensure colleges are aware of this honor. Additionally, high schools are encouraged to add NH Scholars to a student’s transcript. All New Hampshire institutions receive the full roster of NH Scholars students in early spring of their senior year.
