# EnVision Math Resources

EnVision Math is a program to help students develop an understanding of math concepts through problem-based instruction, small-group interaction, and visual learning with a focus on reasoning and modeling. Students, parents and teachers have access to content, resources, games, and review assessments. Through EnVision Math, students and parents may log into Pearson Realize in PowerSchool to view student resources. This learning management system gives students instant access to many resources in a single place.

Students and parents may log into EnVision Math Realize at:

www.sau26.org and select Mastricola Upper Elementary School

1. On the right side of MUES webpage, select "P" for **PowerSchool**.

2. Your student username: **firstname.lastname.**

   Your password is your school computer password.

3. On the left side select "**Pearson Courses**".

4. Under your homeroom number, select "Envisions Math".
