- 4) Before clicking on the **"Family Portal"** link (2), copy or make note of the special student access code (1) you'll see in the message. *(In the above example, the code has been cut off, but that is where you will find yours. Each child will have their own unique access code)*

- 5) After clicking on the **"Family Portal"** link, you can enter the **Access Code**, your child's date of birth and their first name. After signing in, you'll be able to view their current NH SAS scores.

It asks for the user's child's information, including a 6-character unique access code, date of birth (month, day, year), and first name. There is a 'SIGN IN' button at the bottom. A link to the 'Terms of Use' is also present.
