

The Merrimack School District, in collaboration with the New Hampshire Department of Education, would like to invite you to participate in this year's 603 Bright Futures Annual Survey. This survey provides parents, educators, and community members a chance to provide valuable input and meaningful feedback on how to improve our district today and in the years to come.

Please use the links below to access the latest Department of Education Surveys. The survey links will be available until April 28, 2023.
