## Merrimack School District Essential Learning Competencies

School	MHS
Discipline	Mathematics
Course Title	Geometry

Quarter 1

Essential	Links to the	Formative	Summative
Learning	Rubrics/Standards/Competency	Assessments	Assessments
Competencies			
Basics of	MSD Geometry Curriculum	Quizzes,	Chapter 1 Test-
Geometry-		Classwork,	Basics of
Points, lines,	CCSS Geometry	Homework,	Geometry
planes,		Discussions,	
measuring,		Observations	
midpoint, and			
distance,			
Basics of			Chapter 1 Test-
Geometry-			Basics of
perimeter, area,			Geometry
angles,			
Reasoning and			Chapter 2 Test-
Proofs-			Reasoning and
Algebraic			Proofs
Proofs			
Reasoning and			Chapter 2 Test-
Proofs-			Reasoning and
Geometric			Proofs
Proofs			

Quarter 2

Essential Learning	Links to the	Formative	Summative
Competencies	Rubrics/Standards/Competency	Assessments	Assessments
Parallel and	MSD Geometry Curriculum	Quizzes,	Chapter 3 Test-
Perpendicular Lines-		Classwork,	Parallel and
angles relationships	CCSS Geometry	Homework,	Perpendicular
with parallel lines,		Discussions,	Lines
finding measures with		Observations	
relationships			
Parallel lines and			Chapter 3 Test-
Perpendicular Lines-			Parallel and
Equations of parallel			Perpendicular
and perpendicular lines			Lines
Transformations			Chapter 4 Test-
			Transformations
Congruent Triangles			Chapter 5 Test-
			Congruent
			Triangles

Essential Learning	Links to the	Formative	Summative
Competencies	Rubrics/Standards/Competency	Assessments	Assessments
Relationships Within	MSD Geometry Curriculum	Quizzes,	Chapter 6
Triangles		Classwork,	Test-
	CCSS Geometry	Homework,	Relationships
		Discussions,	within
	CCSS Algebra	Observations	Triangles
Right Triangles and			Chapter 9
Trigonometry-			Test- Right
Pythagorean Theorem			Triangle
and Special Right			Trigonometry
Triangles			
Right Triangles and			Chapter 9
Trigonometry-			Test- Right
Trigonometry			Triangle
			Trigonometry
Similarity			Chapter 7
			Test -
			SImilarity

## Quarter 4

Quarter +			
Essential Learning	Links to the	Formative	Summative
Competencies	Rubrics/Standards/Competency	Assessments	Assessments
Quadrilaterals and	MSD Geometry Curriculum	Quizzes,	Chapter 8
Other Polygons		Classwork,	Test-
	CCSS Geometry	Homework,	Quadrilaterals
		Discussions,	and Other
		Observations	Polygons
Circles-Special			Chapter 10
Segments, Finding			Test- Circles
Arc Measure, and			
Chords			
Circles- Inscribed			Chapter 10-
Angles and Polygons,			Circles
Angles and Segment			
Relationships in			
Circles, and Circles in			
the Coordinate Plane			
Circumference, Area,			Chapter 11
and Volume			Test-
			Circumference,
			Area, and
			Volume
