

James Mastricola Upper Elementary School Budget Overview 2018-2019

The primary focus for the development of the 2018-2019 budget is to provide adequate supplies, equipment and materials to implement the James Mastricola Upper Elementary School programs.

Factors significant in this year's budget include:

- The purchase of texts and instructional resources at a variety of reading levels to support literacy instruction in grades five and six. This also includes resources and materials to reinforce writing across the curriculum.
- The purchase of materials to implement the standards-based math program for grades five and six. This includes instructional resources for the classroom as well as consumable student materials.
- The replacement of the thirty (30) year old kiln and stacking racks to support art instruction for grade five and six students.
- The replacement of tables for the cafeteria. This will be the third phase of purchasing replacement tables.
- The replacement of science room stools for chairs. This will be the second phase of purchasing replacement chairs.

Respectfully submitted,

Marsha McGill, Principal

William P. Morris, Assistant Principal
