

# Vision of a Learner

Merrimack School District

## Curious

Learners wonder about and seek opportunities to explore the world around them and are open to new experiences. They listen, ask questions, and gather resources to build understanding. Learners are engaged, critical, and creative thinkers who solve problems and demonstrate understanding.

## Connected

Learners are citizens of their school, community, state, and the world. They build positive relationships through the development and use of interpersonal, communication, and empathy skills. Learners consider and respect different perspectives, evaluate the impact of their actions, and demonstrate compassion for others.

## Prepared

Learners engage in authentic learning experiences that prepare them with necessary and practical skills for everyday life, including digital and financial literacy. They learn to create and use a plan to guide their own academic, career, and social emotional development. Learners develop collaboration, communication, self-management, and decision making skills.

## Resilient

Learners understand that risk taking and failure are part of the learning process, and perceive challenges as an opportunity for growth. They can use their knowledge about themselves to advocate for their needs and recognize when they need help. Learners develop and evaluate multiple ways to solve problems and complete tasks.

## Dedicated

Learners seek to contribute to their local and global communities, giving their time and energy to pursue their goals. They are life-long learners who possess the self-worth and confidence to explore and champion their interests and passions, inspiring others to do the same. Learners persevere and collaborate to set and achieve meaningful goals.

## Vision of a Graduate
